

**Job Title: GIS Specialist**

**Duration: 5 years, full-time**

**Location: San Salvador, El Salvador**

**Context:**

Development Gateway currently seeks a Geographic Information Systems (GIS) Specialist to be based in El Salvador for a large USAID Monitoring and Evaluation Support Project. The work will be full-time over a period of 5 years.

The GIS Specialist will be responsible for the collection, management, analysis, and visual presentation of geospatial data. The specialist will be responsible for building and managing the USAID Mission's GIS system for its programs in order to strengthen capacity. The specialist will also work closely with the project's monitoring and evaluation experts to conduct extensive geospatial analysis that improves the monitoring and evaluation of USAID activities and enhances USAID project design. S/he will be responsible for the generation of cartographic products and reports for various data calls. Specific responsibilities include:

- Deploying, managing, and maintaining a GIS Mapping Database
- Developing data collection processes to map USAID activity/project interventions and project management indicators
- Providing data analysis and system administration
- Training interested parties in the collection and management of data and production of relevant maps
- Collaborating with the Survey/Data Collection Manager to collect and compile data for reporting purposes

**Required Qualifications:**

- Completion of a US-equivalent Bachelor's Degree in geographic information science, or other relevant discipline; advanced degree a plus
- Minimum of five (5) years of professional-level experience in geospatial database development, design, and management; geospatial analysis; performance monitoring; and/or the analysis and interpretation of large amounts of data
- Language proficiency in English and Spanish
- Experience in Central America a plus

**To apply, please send your CV and cover letter to [pkirby@developmentgateway.org](mailto:pkirby@developmentgateway.org). Please use "GIS Specialist El Salvador" as the email subject. Only shortlisted candidates will be contacted.**
